Town Board Meeting

I am here tonight to acknowledge Larry Anderson. It was Larry who came to Annual Meeting of E Nest Township many years ago to alert us of the importance of preparing for emergencies. He brought the issue before us, discussed and shared what he learned at meetings he attended on Emergency Preparedness. He encouraged the Town Ship to get a generator for the Town Hall. I ask that his contribution be noted.

Also, it was Gloria Erickson of the FireWise Project who told our Township to organize in case a wild fire threatens us.

Lastly, I acknowledge Mary Beth Monte's contribution to the success of the Drill on August 11. Thank you.
