## Subject: Fire Chiefs Report for BOS meeting March 6, 2014

### Administration

- Jennifer Dowden and I hope to have an annual report completed for the annual Township meeting.
- I have prepared a PowerPoint presentation to be given at the annual Township meeting on March 11.

### Personnel

- Bud Van Deusen will be removed from the roster due to not completing the I9 form and not completing the training requirements.

### Policies

- No update

### Equipment

- The SCBA's will have their annual tests done this month. We had 2 of our spare air bottles expire so we currently have no spares. I was also informed that there are no spare parts available for our scba's if they are needed due to their age. I have been communicating with a vendor about purchasing either new or used scbas. The price of a new scba is about \$4000.

### Training

- The plan for March's training was Ice auger operation and portable pumps but due to the extreme cold we stayed inside. We went over radio procedures and used Computer Simulations to discuss Incident Command and tactics. The plan for April's training will be Ice/Water Rescue with the equipment we have.

### Fire/EMS Calls:
